

**OFFICE OF THE GENERAL COUNSEL
Division of Operations-Management**

MEMORANDUM OM 13-63

September 11, 2013

TO: Regional Directors, Officers-in-Charge, and
Resident Officers

FROM: Anne Purcell, Associate General Counsel

SUBJECT: Pathways Checklists for Professional and Administrative Student Interns

The Pathways Internship Program established by OPM requires agencies to have a training program for all participants. Agency management in conjunction with the Office of Employee Development have established separate Training Checklists for new student professional employees and administrative staff employed by the Agency through the Program. Similar checklists have proved to be useful aids to Regional Office managers and supervisors and valuable tools for introducing our new employees to the Agency. The Pathways Checklists are attached to this memorandum.

The Checklists detail those areas that should be covered within the first ninety (90) days of the entry-on-duty of a Pathways Intern, including the standard orientation for all Agency employees that is covered by the Human Resources Branch or the local office. For those Pathways Interns working for a shorter time period, the Region should adjust the time period to ensure that the intern receives training necessary to perform the assigned tasks and to learn more about the Agency and its mission. The training may be tailored to address the needs of the Pathways Intern and the nature of the work that is being performed by that individual. In addition, the Region may consider using the material for the Summer Intern Program to supplement its training. The most recent program sessions and materials are located on the OED *Insider* page under Professional Development and the Summer Law Clerk and Intern Program.

If you have any questions regarding the use of these Checklists, or suggested topics to include in future revisions, please feel free to contact Deputy Assistant General Counsel Joan Sullivan or your representative in Operations-Management.
